# Local Insight England Summary Report

South Northamptonshire

Northamptonshire Community Foundation

17 June 2024

Local Insight

Local Insight provides instant access to the information you need for the neighbourhoods you care about.

We bring together small-area social and demographic data in one easy to use and intuitive platform. You can explore data for any area you are interested in through maps, dashboards and reports.

Find out more at: localinsight.org

OCSI

We combine expertise in research and technology to support organisations working for social good to make evidence-based decisions. We have worked with more than 250 public and community sector organisations from local to international level.

Our research and services are based on unrivalled knowledge and use of place-based social, economic and demographic data.

Find out more at: ocsi.uk

About the indicators

OCSI routinely collect all small-area data published by more than 50 government agencies and other reputable bodies. We identify key indicators relevant to local authorities, grantmakers and charities to include within this report and the Local Insight platform.

We manage and maintain all the data and provide comprehensive metadata so that you can be confident you are using the most up-to-date data.

How we have identified the area of South Northamptonshire

This report is based on the "South Northamptonshire" area created by Northamptonshire Community Foundation. There is a map image of the area at the start of this report. Source: Office for National Statistics licensed under the Open Government Licence v.3.0. Contains OS data © Crown copyright and database right [2024].

We use sophisticated aggregation and apportioning methods to calculate the data values used in the charts and tables in this report.

Alongside data for the "South Northamptonshire" area, we also display data for the selected comparator areas: West Northamptonshire and England.

Contents

Population

The following data is a summary of key population demographics.

The table below provides an overview of people living in South Northamptonshire. These population figures provide detail of the structure of the population by broad age bands and by sex. Finally, it also includes a measure of population density by hectare.

The total population of South Northamptonshire was 97,289 people in 2021.

Of the total population in South Northamptonshire in 2021, 18.38% are children aged under 16, 61.38% are adults aged 16-64, and 20.23% are over 65 years old.

Population overview

Indicator	South Northamptonshire		West Northamptonshire		England	
	Count	Rate	Count	Rate	Count	Rate

Index of Multiple Deprivation (IMD)

The following visualisations draw upon data from the Index of Multiple Deprivation (IMD) to give insight into vulnerable populations in South Northamptonshire, West Northamptonshire, England. The Indices of Deprivation 2019 are a relative measure of deprivation for small areas (Lower-layer Super Output Areas) across England. The overall Index of Multiple Deprivation 2019 combines together indicators under seven different domains of deprivation: Income Deprivation; Employment Deprivation; Education Skills and Training Deprivation; Health Deprivation and Disability; Crime; Barriers to Housing and Services and Living Environment Deprivation. A higher score indicates that an area is experiencing high levels of deprivation.

The table below shows the IMD score and rank (average LSOA Rank, where a lower rank indicates that an area is experiencing high levels of deprivation) for South Northamptonshire, West Northamptonshire and England.

South Northamptonshire has an IMD score of 7.57. This means that South Northamptonshire has lower levels of deprivation to West Northamptonshire (17.68) and lower levels of deprivation to England (21.76).

Index of Multiple Deprivation (IMD)

Indicator	South Northamptonshire	West Northamptonshire	England
Index of Multiple Deprivation 2019 (IMD) Score (2019)	7.57	17.68	21.76
Index of Multiple Deprivation (IMD) 2019 Rank (2019)	27,405	19,202	16,356

Source: Ministry of Housing Communities and Local Government (MHCLG) 2019

The bar chart below explores this further, showing the proportion of people living in neighbourhoods grouped into deciles according to level of deprivation derived from the IMD. A higher score on the IMD indicates that an area is experiencing greater levels of deprivation. To clarify, all neighbourhoods in England are grouped into ten equal sized groups "deciles"; neighbourhoods in decile 1 fall within the most deprived 10% of neighbourhoods nationally, whilst neighbourhoods in decile 10 fall within the least deprived 10% of neighbourhoods nationally.

Proportion of people in each deprivation decile

Housing

The following data is a summary of key housing related indicators.

The table below shows the mean house prices by accommodation type across South Northamptonshire and the comparator areas for four key dwelling types (flats, semi-detached houses, terraced houses and detached houses) from Mar-2023 to Feb-2024.

The average property price for all dwelling types in South Northamptonshire is £392,626, this is higher than the average across West Northamptonshire (£314,210) and higher than the average across England (£357,874).

Data on house prices is from the Land Registry open data price-paid dataset. Please note some small areas may not have had a transaction recorded within the twelve month period leading to gaps in the table below.

Average house prices			
Indicator	South Northamptonshire	West Northamptonshire	England
Average house price (12 months) (Mar-2023 to Feb-2024)	£392,626	£314,210	£357,874
Average house price for detached houses (12 months) (Mar-2023 to Feb-2024)	£537,465	£482,080	£540,100
Average house price for flats (12 months) (Mar-2023 to Feb-2024)	£185,977	£149,688	£309,602
Average house price for semi-detached houses (12 months) (Mar-2023 to Feb-2024)	£306,340	£280,525	£321,534
Average house price for terraced houses (12 months) (Mar-2023 to Feb-2024)	£298,181	£239,462	£291,990

The chart below shows the tenure of housing in South Northamptonshire, West Northamptonshire, and England.

Tenure types include;

- 'Owner occupied' housing includes accommodation that is either owned outright, owned with a mortgage or loan, or shared ownership (paying part rent and part mortgage).

- 'Social rented' housing includes accommodation that is rented from a council (Local Authority) or a Housing Association, Housing Co-operative, Charitable Trust, Non-profit housing company or Registered Social Landlord.

- 'Rented from the Council includes accommodation rented from the Local Authority.

- 'Housing Association or Social Landlord' includes rented from Registered Social Landlord, Housing Association, Housing Co-operative, Charitable Trust and non-profit housing Company.

- 'Private rented or letting agency' includes accommodation that is rented from a private landlord or letting agency.

- 'Other Rented' includes employer of a household member and relative or friend of a household member and living rent free.

-

In South Northamptonshire 76.35% of households are owner-occupied, which is higher than the proportion of households in West Northamptonshire (66.38%), and a higher proportion than England (62.32%).

Overall, 2.19% of households in South Northamptonshire are rented from the local authority, 8.27% are rented from a housing association and 11.00% are privately rented.

Source: Police UK (Police recorded crime figures)

The line chart below shows a time series made up of 12 month totals of neighbourhood-level incidents of criminal offences. The figure is a rate per 1,000 residents. The first data point covers Sep-2018 to Aug-2019 and the final data point covers Mar-2023 to Feb-2024.

The overall crime rate in South Northamptonshire has increased from 55.2 per 1,000 people between Sep-2018 to Aug-2019 to 60.1 per 1,000 people between Mar-2023 to Feb-2024.

Please note there can be missing data in Police.uk crime counts for certain areas. This is often due to issues with IT system changes at various police forces such as Devon and Cornwall, and Greater Manchester currently, which affects their reporting of figures to Police UK. Please see the Police UK change log for details of current known issues.

Employment

The following data is a summary of key indicators related to employment.

The table below shows figures for the number of people that hold either full or part-time roles alongside the figures for those working in either the public or private sectors.

A higher proportion of people in South Northamptonshire work in the private sector (91.69%) than the public sector (8.31%). People are equally likely to be part-time employed in South Northamptonshire (29.74%) than in West Northamptonshire (29.55%) and less likely than in England (30.82%).

| Jobs by type			
Indicator	South Northamptonshire	West Northamptonshire	England
Full-time employees (2022)	70.78%	70.00%	69.18%
Part-time employees (2022)	29.74%	29.55%	30.82%
Public sector employees (2022)	8.31%	14.23%	16.84%
Private sector employees (2022)	91.69%	85.77%	83.16%

Source: Business Register and Employment Survey (BRES)

The jobs density (calculated as the number of jobs per 100 working-age people) in South Northamptonshire was 66.01% in 2022. This is lower than the average across West Northamptonshire (83.72%) and lower than the average across England (77.86%).

Communities and Environment

The following data is a summary of key indicators related to the community and environment.

The first chart below shows the Community Needs Index score. The Community Needs Index was developed to identify areas experiencing poor community and civic infrastructure, relative isolation and low levels of participation in community life. A higher score on this measure indicates that an area has higher levels of community need.

South Northamptonshire has lower levels of overall need on the Community Needs Index (an overall CNI score of 39.94) than West Northamptonshire (55.94) and lower levels of need than England (65.55).

Please note that the Civic assets score is displayed in a second, separate, bar chart just below as the scores for this domain are often much lower than the other domains and therefore the indicator is best shown using its own y-axis.

The table below shows the Indices of Deprivation Air Quality Measures. For each pollutant the atmospheric concentration was compared to a national standard value, with the concentrations in each Lower-layer Super Output Area divided by the appropriate national standard, before summing to produce a single indicator. A higher score indicates that an area is experiencing relatively higher levels of deprivation.

Based on the IoD 2019 Air quality indicator - South Northamptonshire has lower levels of air pollution (0.790 IoD score) than West Northamptonshire (0.906 IoD score) and lower levels of air pollution than England (0.957 IoD score).

Indices of Deprivation Air Quality Measures

Indicator	South Northamptonshire	West Northamptonshire	England
IoD 2019 Air quality indicator (2016)	0.790	0.906	0.957
IoD 2019 Benzene (component of air quality indicator) (2016)	0.064	0.081	0.098
IoD 2019 Nitrogen dioxide (component of air quality indicator) (2016)	0.314	0.387	0.430
IoD 2019 Particulates (component of air quality indicator) (2016)	0.387	0.411	0.395
IoD 2019 Sulphur dioxide (component of air quality indicator) (2016)	0.024	0.026	0.034

Access and Transport

The following data is a summary of the main access and transport related indicators.

The table below shows the proportion of households according to their ownership of a car or van. This is based on responses to the car ownership question in the 2021 Census which asks information on the number of cars or vans owned, or are available for use, by one or more members of a household. This includes company cars and vans available for private use and is based on details for private households only. Cars or vans used by residents of communal establishments are not counted.

In South Northamptonshire, 8.52% of households have no access to a car or van. This is less than the proportion without access to a car or van in West Northamptonshire (15.90%) and less than the proportion without access to a car or van in England (23.54%).

Car or van ownership

Indicator	South Northamptonshire	West Northamptonshire	England
Households with no car (Census 2021) (2021)	8.52%	15.90%	23.54%
1 car or van in household (Census 2021) (2021)	34.38%	38.97%	41.28%
2 cars or vans in household (Census 2021) (2021)	39.88%	32.74%	26.06%
Households with 3+ cars (Census 2021) (2021)	17.23%	12.39%	9.12%

Source: UK Census

The bar chart below shows the proportion of households with no car or van in the 2021 Census alongside the proportions from previous Censuses to identify changes over time.

In 2011, 9.27% of households in South Northamptonshire had no access to a car or van. This is similar to the proportion without access to a car or van in 2021 (8.52%).

Households with no car or van
